

## FAQs:

*What if I don't create an Adobe ID?*

Without an Adobe ID, you will not be able to transfer eBooks to your eReader. You can authorize up to six computers and six devices with the same ID.

*What do I do when the eBook expires?*

Nothing needs to be done, the book is automatically returned for circulation.

If you would like to delete remnant files from your eReader, connect it to your computer and use Adobe Digital Editions to view the reader's contents. You may delete files directly from your eReader this way.

*Can I return an eBook early?*

Yes! You can return through Adobe Digital Editions by choosing *Return Borrowed Item* from the little item menu, or log into OverDrive, navigating to your *Bookshelf*, and clicking *Return Title*.

Return Title

*Can I use my eReader's wi-fi to download directly to my device?*

You must download the book to your computer first, then transfer it.

*Why don't you have the classic title I'm looking for?*

Many classic titles are in the public domain, and can be found through Project Gutenberg at

<http://www.gutenberg.org/>

Use these instructions for most traditional e-readers and for color e-readers that do not have access to an app store.

These instructions are not applicable for any Kindle, nor are they necessary for the nook Color or any nook Tablet (use green Android brochure). Sony Readers may require their own additional Reader Library software.
